

## SAFETY DATA SHEET

Sudan ebolavirus Reporter Virus Particles

Version 1

Revision Date: 07/30/2026

### 1. PRODUCT AND COMPANY IDENTIFICATION

#### 1.1. Product identifiers

Product Name : SUDAN EBOLAVIRUS (SUDV) REPORTER VIRUS PARTICLES  
Brand : Integral Molecular, Inc.

#### 1.2. Identification of the biological product or preparation

Biological Product : Replication-defective, SUDV Pseudotyped VSVΔG

#### 1.3. Relevant identified uses of the substance or mixture and uses advised against

Recommended use : For research use only  
Uses advised against : Not to be used in humans or food animals

#### 1.4. Details of the supplier of the safety data sheet

Company : Integral Molecular, Inc.  
25 N. 38<sup>th</sup> Street, Suite 800  
Philadelphia, PA 19104  
Telephone : +1 215-966-6061

#### 1.5. Emergency telephone number

Telephone : +1 215-966-6061

#### 1.6. Issue date : July 30, 2026

---

### 2. HAZARDS IDENTIFICATION

**This product should be handled as a biohazardous material under Biosafety Level 2 or Enhanced Biosafety Level 2 Containment. Contact your local institutional biosafety office for accurate regional information.**

#### 2.1 Pathogenicity

VSV-derived materials contain all the components of the VSV virus except for the glycoprotein that is required for entry into the host cells. VSV-defective vectors are not known to cause any diseases in humans or animals. VSV does not integrate into the cell genome.

The SUDV Reporter Virus Particles are derived from recombinant VSV from which the VSV glycoprotein gene has been deleted and replaced with a reporter gene (VSVΔG). The recombinant VSV genome encodes matrix, nucleocapsid, large polymerase, and phosphoproteins. VSVΔG is released from transfected mammalian cells encoding SUDV

# **SAFETY DATA SHEET**

## **Sudan ebolavirus Reporter Virus Particles**

glycoprotein, resulting in single-round replication-defective SUDV pseudotyped virus.

### **2.2 Classification of the substance or mixture**

This product CANNOT be classified in accordance with the Globally Harmonized System of Classification and Labelling (GHS) as it is a biological material and is outside the scope of this system. The toxicological properties of this material have not been fully investigated.

As with any chemical product of unknown toxicity, take precautions to prevent contact with eye, skin and mucous membranes. Use good industrial hygiene practices to prevent accidental exposure. Product should only be handled by technically qualified individuals who are educated in handling chemicals of unknown toxicity.

### **2.3 Biohazard Classification**

As per guidelines recommended by the NIH, replication-incompetent VSV particles are to be handled as Risk Group-Level 2 (RGL2)

### **2.4 Hazards not otherwise classified (HNOC) or not covered by GHS**

Handle as if capable of transmitting infectious agents. Replication-incompetent VSV particles are not known to cause disease in humans or animals.

### **2.5 Precautionary Statements**

- Obtain special instructions before use.
- Do not handle until all safety precautions have been read and understood.
- Do not get in eyes, on skin, or on clothing.
- Wash hands thoroughly after handling.
- Do not eat, drink or smoke when using this product.
- Wear protective gloves, eye protection, face protection, and protective clothing.
- Contaminated clothing must not be allowed out of the workplace.

---

## **3. COMPOSITION/INFORMATION ON INGREDIENTS**

### **3.1. Biological Product**

**Virus name:** Recombinant Sudan Ebolavirus Pseudotyped VSVΔG Reporter Viruses

**Type:** VSV vector

**Replicative:** No

---

## **4. FIRST AID MEASURES**

### **4.1. Description of first aid measures**

# **SAFETY DATA SHEET**

## **Sudan ebolavirus Reporter Virus Particles**

### **Inhalation**

Move person into fresh air. If not breathing, give artificial respiration and obtain medical attention.

### **Ingestion**

If swallowed, rinse mouth with water. Do not induce vomiting. Immediately get medical advice/attention.

### **Skin contact**

Wash immediately with plenty of soap and water. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

### **Eye contact**

Rinse cautiously with water at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention if soreness or redness persists. Contact lenses are not recommended when handling viral vectors.

#### **4.2. Most important symptoms and effects, both acute and delayed**

No information available.

#### **4.3. Indication of any immediate medical attention and special treatment needed**

Treat symptomatically.

---

## **5. FIREFIGHTING MEASURES**

### **5.1. Extinguishing media**

#### **Suitable extinguishing media**

Substance is non-flammable. Use extinguishing agent suitable for surrounding fire.

### **5.2. Special hazards arising from the substance or mixture**

None known.

### **5.3. Advice for firefighters**

As in any fire, wear self-contained breathing apparatus and full protective gear if necessary.

---

## **6. ACCIDENTAL RELEASE MEASURES**

### **6.1. Personal precautions, protective equipment and emergency procedures**

Use personal protective equipment. Ensure adequate ventilation. Avoid contact with skin, eyes and clothing.

### **6.2. Environmental precautions**

Should not be released into the environment.

# **SAFETY DATA SHEET**

## **Sudan ebolavirus Reporter Virus Particles**

### **6.3. Methods and materials for containment and cleaning up**

Keep in suitable closed containers for disposal. Clean up and decontaminate all materials for disposal, as well as contaminated surfaces, with an effective decontamination method such as autoclaving, incineration, or chemical disinfection such as chlorine bleach.

### **6.4. Reference to other sections**

Refer to protective measures in Sections 8 and 13.

---

## **7. HANDLING AND STORAGE**

### **7.1. Precautions for safe handling**

Handle in accordance with good industrial hygiene and safety practices. Use personal protective equipment. Ensure adequate ventilation. Avoid contact with skin, eyes and clothing. This product should be handled at a biosafety level 2 or enhanced biosafety level 2 (BSL2) as required by OSHA Bloodborne Pathogen Rule (29 CFR 1910.1030).

### **7.2. Conditions for safe storage, including any incompatibilities**

Keep container tightly closed. Store at -80°C.  
Storage class (TRGS 510): Infectious substances.  
Store locked up in accordance with biosafety level 2 or enhanced biosafety level 2 containment requirements.

### **7.3. Specific end use(s)**

See Section 1.3.

---

## **8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

### **8.1. Control parameters**

#### **Components with workplace control parameters**

Contains no substances with occupational exposure limit values.

### **8.2. Exposure controls**

#### **Appropriate engineering controls**

General industrial hygiene practice.

#### **Collective protection**

BLS-2 containment and BSC-2 biosafety cabinet-2.

#### **Personal protective equipment**

##### **Eye/face protection**

Use equipment for eye protection tested and approved under appropriate government standards.

##### **Skin protection**

# **SAFETY DATA SHEET**

## **Sudan ebolavirus Reporter Virus Particles**

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices.

### **Body Protection**

Laboratory coat.

### **Respiratory protection**

Respiratory protection is not required. If there is a risk of exposure or insufficient ventilation, wear suitable respiratory equipment that has been tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

---

## **9. PHYSICAL AND CHEMICAL PROPERTIES**

### **9.1. Information on basic physical and chemical properties**

|                                  |                   |
|----------------------------------|-------------------|
| <b>Appearance</b>                | Clear/pink        |
| <b>Form</b>                      | Liquid            |
| <b>Odor</b>                      | No data available |
| <b>Odor Threshold</b>            | No data available |
| <b>pH</b>                        | No data available |
| <b>Melting point/range</b>       | No data available |
| <b>Boiling point/range</b>       | No data available |
| <b>Flash point</b>               | No data available |
| <b>Evaporation rate</b>          | No data available |
| <b>Flammability (solid, gas)</b> | No data available |
| <b>Explosion limits</b>          | No data available |
| <b>Vapor pressure</b>            | No data available |
| <b>Vapor density</b>             | No data available |
| <b>Relative density</b>          | No data available |
| <b>Water solubility</b>          | No data available |
| <b>Partition coefficient</b>     | No data available |
| <b>Autoignition temperature</b>  | No data available |
| <b>Decomposition temperature</b> | No data available |
| <b>Viscosity</b>                 | No data available |
| <b>Explosive properties</b>      | No data available |
| <b>Oxidizing properties</b>      | No data available |

### **9.2. Other safety information**

No data available.

---

## 10. STABILITY AND REACTIVITY

### 10.1. Reactivity

No data available.

### 10.2. Chemical stability

Stable under recommended storage conditions.

### 10.3. Possibility of hazardous reactions

No data available.

### 10.4. Conditions to avoid

No data available.

### 10.5. Incompatible materials

No data available.

### 10.6. Hazardous decomposition products

No data available. In the event of fire, see section 5.

---

## 11. TOXICOLOGICAL INFORMATION

### 11.1. Information on toxicological effects

#### Acute toxicity

No data available.

#### Skin corrosion/irritation

No data available.

#### Serious eye damage/eye irritation

No data available.

#### Respiratory or skin sensitization

No data available.

#### Germ cell mutagenicity

NA

#### Carcinogenicity

This product has not been evaluated in animal carcinogenicity studies and is not listed on the NTP, IARC or OSHA database.

#### Reproductive toxicity

No data available.

**Specific target organ toxicity - single exposure**

No data available.

**Specific target organ toxicity - repeated exposure**

No data available.

**Aspiration hazard**

No data available.

**Additional Information**

RTECS: Not available.

---

## 12. ECOLOGICAL INFORMATION

**12.1. Toxicity**

No data available.

**12.2. Persistence and degradability**

No data available.

**12.3. Bioaccumulative potential**

No data available.

**12.4. Mobility in soil**

No data available.

**12.5. Results of PBT and vPvB assessment**

PBT/vPvB assessment not available as chemical safety assessment is not required.

**12.6. Other adverse effects**

No data available.

---

## 13. DISPOSAL CONSIDERATIONS

**13.1. Disposal methods**

- Dispose of viral stocks by autoclaving at 121°C for 30-45 minutes.
- Dispose of infected liquid cultures by decontamination with chlorine bleach (10% f.c.) for 10 minutes and then dispose of in sink.
- Dispose of infected animal carcasses or tissues by incineration.
- Dispose of in accordance with all applicable local and national regulations.

## 14. TRANSPORT INFORMATION

Product ships on DRY ICE.

# **SAFETY DATA SHEET**

## **Sudan ebolavirus Reporter Virus Particles**

**UN Number:** 1845

**Class:** 9

**Proper Shipping Name:** CARBON DIOXIDE, SOLID

REPORTER VIRUS PARTICLES are exempt from the 3373 categorization in accordance with Section 2.6.3.2.3.3 of UN transportation regulations.

**UN Number:** 3245

**Class:** 9

**Proper Shipping Name:** GENETICALLY MODIFIED ORGANISMS

**Marine pollutant:** No

**Poison Inhalation Hazard:** No

---

### **15. REGULATORY INFORMATION**

**15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

None applicable.

**15.2. Chemical safety assessment**

A Chemical Safety Assessment (CSA) has not been conducted.

**15.3. Classification**

Biohazard Biosafety level BSL-2.

---

### **16. OTHER INFORMATION**

**Disclaimer**

The above information is believed to be correct but does not claim to be all inclusive and should only be used as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regards to appropriate safety precautions. The information herein does not represent any guarantee of the properties of the product. Integral Molecular shall not be held liable for any damage resulting from handling or from contact with the above product.
